

Welcome to the Business Studies Department at The Lakes School

At The Lakes School, our Business Studies program is designed to inspire, challenge, and empower students to navigate and excel in the dynamic world of business. Studying business is incredibly useful as it equips students with essential skills such as critical thinking, problem-solving, and effective communication. These skills are crucial not only for a successful career but also for understanding the complexities of the global economy.

In today's interconnected world, business knowledge is more relevant than ever. Our curriculum covers a wide range of topics, including entrepreneurship, marketing, finance, and global trade, providing students with a comprehensive understanding of how businesses operate and influence the world around us. By engaging with real-world case studies, from sole traders to multinational corporations, and completing practical projects, students are challenged to apply their knowledge creatively and strategically.

Join us in the Business Studies Department and be empowered to become the innovative leaders of tomorrow, ready to make a positive impact in the global community.
